Customer feedback from surveys:

“This website is great with many friendly librarians very willing to help you! I will definitely use it again soon!”

“Very helpful as the local Seattle library isn't open this early, didn't expect to get it resolved until later, now I can plan to pick it up while downtown, this morning.”

“VERY helpful helped with both websites AND books”

“I really like this service. However, its clear they don't have complete access to relevant info in the state's library system. All in all, its better than the email system we had to depend on before.”

“Thank you for showing us this resource.”

“Answer given by Janet was quick, understandable, and professionally provided. Thanks!”

“My making contact was not planned as I did not know of this facility. I was frustrated by a phone message which kept referring me to the Birmingham city library website, and all I wanted was to talk to someone-and then I did thru conversation! Karen and Rose were so helpful, and so thorough. There messages to me were

sensitively delivered and full of factual information. a brilliant service, that I will use again.
 Many , many thanks”
