

TRACKING REFERENCE QUESTIONS (DEWEY DELAWARE/TYPES)

This Reference Tally Sheet includes areas for keeping track of questions Delaware library staff **are asked in their libraries, primarily in person and on the telephone**. **This updated form also includes an additional field to capture questions library staff answer through an email account that is outside of LibAnswers/Ask a Librarian DE**. It is organized by Dewey to align all Delaware public library reference questions (on the desk and online). Please do not add questions asked through Ask a Librarian Delaware.*

- **Instructions:** After the completion of each month, please compile **in-library reference totals** (to include any questions received on the telephone, through social media and your library's email if it is separate from LibAnswers/Ask a Librarian DE*) and submit them through the **online reporting tool by the 5th of each month**.

***PLEASE DO NOT count directional questions. For guidelines, please see this webpage - [Reference Tracker Forms | Ask a Librarian Delaware | Staff Support](#)**

(Please edit the following form to fit your library's need; it is a template to get you started. Print out as many Tally Sheets as needed for staff who provide any type of reference/patron assistance services.)

TRACKING STORIES (MASLOW/IMPACT)

Did an interaction with a patron stand out for you? These are great stories to collect! Please take a moment to offer a brief recount of these events on the "**Delaware Libraries Story Journal**"!

- **Instructions:** Submit stories using the online form: [Delaware Libraries - Delaware Library Stories Journal Form](#) (https://de.countingopinions.com/s/feedback/index.php?survey_id=1173&loc_id=en_CA&op)
 - Use initials or first names only; no personalized identifiers for patrons.
 - Submit patron stories as soon as possible after they occur, while they are still on your mind.

***ASK A LIBRARIAN DELAWARE**

Please use the same Dewey categories in the Ask a Librarian Delaware (AaLDE) platform under Reference Analytics for each ticket. Reference Analytics from these tickets are compiled each month by the AaLDE Reference Coordinator, and posted on the AaLDE staff support site: <http://aalstaff.lib.de.us/reports>. This data is added to the monthly reporting totals in Counting Opinions by the Delaware Division of Libraries Data Team at the end of the fiscal year. These compiled monthly totals are extremely important for federal LSTA reports and funding, as well as to gain and retain statistics for Delaware. Questions about data compilation – please contact data@lib.de.us.
